FAX: 916-445-4633

Dear Secretary Babbitt, Governor Wilson and Governor-elect Davis:

I am writing to let you know that I support the "Recommendations from the Business Community on CALFED" dated November 20, 1998. I encourage you to incorporate these recommended approaches and policies into the CALFED Bay-Delta Program decision. I also urge expeditious action to approve a CALFED Bay-Delta Program solution in the near future in order to protect California's economic prosperity and environmental quality.

Thank you for your consideration of my views and the "Recommendations from the Business Community on CALFED."

Sincerely,
